OLD BREWERY WILL BECOME SOAP FACTORY

The Emerson Soap Co.
Has Leased Schorr
Property.

A purely Dixon industry, backed by Dixon people and one which promises to rapidly increase its growth, has been formed, and license papers issued April 10, 1919, by Secretary of State Louis L. Emmerson at Springfield, to Emerson Soap company of this city. The men who are back of the new manufacturing industry represent the best citizens of Dixon, and papers have been executed acquiring a leasehold of the Schorr property on Seventh street and Jackson avenue, probably better known as the old Plain brewery property, which is to be the factory of the new concern.

At a meeting of those interested in the new concern, the following officers were elected:

President—T. Wilbur Leake.
First Vice President—Harry L. Emerson.
Second Vice President—Fred W. Hark.
Secretary—Herbert H. Harms.
Treasurer—Clifford H. Gray.
Auditor—Fred D. Dana.
General Manager and Counsel—Attorney John E. Erwin.

Board of Directors—T. Wilbur Leake, H. L. Emerson, George Fruin, H. W. Harms, Clifford Gray, John Praetz and Gusti Messer.

In Brewery Building.
The old brewery property which has been used for many years past for the manufacture of beer, is rapidly undergoing a change which will make it a model soap factory. A force of workmen have been busy rearranging machinery and installing new machines for the manufacture of the various products that will be put on the market in a very short time. The remodeling work is progressing rapidly and the company expects to be operating in a few days.

Several northern Illinois cities invited the new industry to locate with them (Continued on Page Two.)

GOVERNMENT OF LETVIA DEPOSED BY HUN FORCES

Libau is Captured By
Germans—Pretense
Against Reds.

By Associated Press Leased Wire
Copenhagen, April 18.—German and Baltic-German troops have forcibly seized Libau and overthrown the Lettish provisional government, according to advices received by the Lettish press bureau here.

Lettish reserve troops in Libau were surprised by strong German forces on Wednesday which overpowered the Letts and disarmed and interned them. Later the Germans arrested the Lettish minister of the interior and several officials it is said.

City Held by Germans
The surprise was possible, according to reports, because of the fact that Lettish troops had been sent to the front while Baltic-German detachments had been brought back to Libau. The city now is held and patrolled by the Germans.

Premier Ullman has protested to General von Der Goltz, commander of the German troops in Letvia, and the latter has expressed his astonishment over the incident. The Letts accuse the Germans of hindering them from mobilizing against the Bolsheviks, which, it is said, accounts for the fact that the Riga is still in the hands of the soviet forces.

Want to Form Ministry
A telegram was sent Wednesday evening by Premier Ullman to the Lettish representative in Denmark reporting the seizure of Libau and adding that he, himself, is safe and collaborating with the British mission and British warship in the harbor. The telegram stated that the Germans had occupied the premier's department and seized the papers there. It was added that the Germans demand that one-third of the members of a new ministry which they insist shall be formed by Germans. The telegram concludes by saying: "We will accede to nothing."

Vote the Regular School Ticket.

Rumors of a proposed eleventh hour campaign to write in names on the school election ballot on Thursday have aroused public sentiment sufficiently that a big vote favorable to the regular ticket is very probable. Street rumors, possibly unfounded, say that a number of Dixon men hope to gain election on the new school board by getting their friends to write their names on the ballot at the election Saturday afternoon.

Such a plan will hardly be apt to gain friends in Dixon for its sponsors. Work in the dark argues not for the fairness of a candidate, nor is it a recommendation for his popularity with the people. The candidate who seeks office should file his petition and thus advertise his candidacy openly, as provided by law. Fifty signatures only are required on the petition to place any candidate's name on the ballot.

To avert the possibility of defeat to the regular ticket at Saturday's election, it is necessary that a big vote be gotten out. Every man and woman in the school district should go to the polls sometime between 2 P. M. and 7 P. M. on Saturday and cast a ballot for the regular, printed ticket which will be handed the voters by the election officials at the polls. The ticket is a splendid one. It has the backing of the heavy tax payers and business men and citizens of Dixon who are interested in the city's welfare and the betterment of the schools. It is highly important at this time of consolidation of the two districts that a thoroughly capable board of school directors be elected. The regular ticket is composed throughout of high-grade men. We do not know who the rumored "dark horse" candidates are. The rumors may be false alarms. But it seems to The Telegraph that when the voters and taxpayers of Dixon are offered the opportunity to have as fine a school board as is offered them in the present ticket, they should take no chances on an upset in the program through lack of interest, a light vote, and the writing in of names by the opposition at the last minute.

Go and vote at the school election Saturday. Dixonites living south of the river vote at the city hall and north of the river at Anderson's shop on Fellows street, just east of Galena avenue.

The candidates are Henry S. Dixon, Edward Valle, W. C. Durkes, Charles E. Keyes, J. M. Batchelder, F. K. Tribou and John E. Crabtree.

Conflicting claims to the city of Fiume and the Dalmatian coast which have been laid before the peace conference in Paris by Italy and Jugo-Slavia probably will be brought to a decision soon, if efforts to be exerted by the Italian delegation bear fruit.

This controversy, one of the most troublesome to be considered by the conference, has aroused public sentiment in Italy and when the Italian parliament meets April 24 it is probable Premier Orlando will be asked for a report on the subject. Hence, he is said especially to desire a settlement before that date.

Advocates of Irish Freedom See Wilson

Paris, April 18.—Frank P. Walsh, former chairman of the National War Labor board, ex-Gov. Edward F. Dunne of Illinois, and Michael J. Ryan, of Philadelphia, the delegation sent by Irish societies in America to plead the cause of Ireland before the peace conference, had a long conference at the Paris "White House" this morning. The conference was an outgrowth of the interview Mr. Walsh had yesterday with President Wilson.

The American delegation to the peace conference has up to this time refused to receive Sean O'Connell and George G. Duffy, the delegates of the Irish provisional government here.

When ex-Governor Dunne and his associates reached Paris April 11 they were met at the station by Messrs. O'Connell and Duffy who, it was stated in a Paris dispatch, told the Americans that the great powers would refuse to hear and receive them. The American delegates, however, were not deterred. It was added, and said they would ask President Wilson to grant them an audience.

and St. Louis, Mo., was one of the bidders for the factory. All of the stockholders, however, are Dixon men and have the interests of this city at heart, and for this reason, have refused the many offers and located here.

Harry L. Emerson, who will have charge of the immediate supervision of the manufacturing of the products, as well as general sales manager, has been a resident of Dixon for several years. He has worked out the formulas for the products to be manufactured, and for about three years has been selling some of the products. Owing to the lack of a suitable site for locating a factory and on account of the war, which greatly increased the prices of some necessities, he did not attempt to expand the business until this spring. A stock company was formed and the various products are to be manufactured here and placed on the market in large quantities. The company have a large number of orders on hand at this time, and as soon as possible will be running full capacity. George Fruin will have charge of the shipping of the products. The general offices of the company will be located at the manufacturing plant.

No Unpleasant Odors.

The base used in the manufacturing of the soap products is absolutely inoffensive and the common complaint of disgusting odors in the neighborhood of soap manufacturing plants will not be present in this location. High chemical authorities, to whom samples of the products to be manufactured here, have been submitted, speak very highly of all the formulas. There is a rapidly increasing demand for products such as will be turned out by the company and there is every reason to believe that it will be highly successful.

Among the more important formulas which will be manufactured at the new plant are:

Emerson's Snow White soap, a paste used in general household purposes.

Emerson's Evergreen Liquid soap, a product for hotels and public buildings.

Emerson's Lined Oil soap, for use on automobiles and highly varnished surfaces.

Emerson's Mechanic's Paste soap.

Emerson's Polish.

Emerson's shampoo and hair tonics.

Emerson's sweeping compound and disinfectants.

All of these products will be manufactured at once and others added as soon as the machinery necessary for their manufacture and the base materials can be received. The location of the plant affords the company the best of shipping facilities and it is hoped by all parties interested that the plant will be ready for operation in a very few days.

GIVEN FAREWELL PARTY—

A farewell party was given last evening at the home of Mr. and Mrs. J. M. Wentling in honor of Mr. and Mrs. Bert Stebbins, who leave within a few days for their new home in Rockford. The affair was arranged as a surprise to them and culminated very pleasantly. Twenty-nine friends participated in the happy affair. Music was furnished during the evening by the Misses Swartz and Mrs. Stebbins and dainty refreshments were served.

Those present were: Mr. and Mrs. Stebbins, Mr. and Mrs. Gibson, Mrs. John Williams, Mr. and Mrs. William Weiss, Mr. and Mrs. George Schrock, Mr. and Mrs. Austin Higley and little daughter, Mr. and Mrs. Ralph Covert and little daughter, Mrs. Jos. Covert, Misses Bertha and Carrie Swartz, Mr. and Mrs. Pope, Miss Ella Kontner, Mrs. Story Drew, Mr. and Mrs. Lahey, Mr. and Mrs. Frank Bookner, and the members of the Wentling family, Mr. and Mrs. Wentling and son and daughter.

SURPRISE MRS. MAJOR—

Knowing that Mrs. Harry Major, visiting here from Elgin, was disappointed at not being able to attend a regular meeting of the City Club, as she is leaving today for Ottawa, the members planned a little surprise for her by meeting last evening at the home of Mr. and Mrs. Earl Kennedy, where she is being entertained. All the members of the club and the associate members, the husbands, were present. Those present numbered twenty-five. Mr. and Mrs. Arlene Lord were guests of the club. The evening was spent in playing progressive five hundred and proved very delightful. Dainty refreshments were served.

FOR MRS. BATES—

Friends of Mrs. Benj. Bates gave her a surprise party at her home yesterday afternoon in honor of her birthday, which fell the day before, making the surprise greater than if they had gathered on her birthday, when they had half an inkling that they were expected. As it was, the surprise was quite complete. Victrola music was enjoyed during the afternoon and a very tempting scramble luncheon was spread. The company presented Mrs. Bates with a very attractive and useful gift, a sewing table. An Easter lily, and a number of other handsome gifts were also received by Mrs. Bates. Her daughter, Mrs. Harley Cortright and the latter's little daughter were here from Rockford for the affair.

MEN ENTERTAINED LADIES—

The ladies of the P. F. club were entertained very pleasantly last evening at the home of Mr. and Mrs. A. L. Leydig by the gentlemen, who were usually guests of the ladies at preceding meetings. Progressive Five Hundred was the game and prizes were offered by the gentlemen. After the games the company repaired to the Manhattan cafe where a very tempting supper had been ordered. The affair was so pleasant to the ladies, with all the cares of entertaining lifted from their shoulders, that they would be quite willing to have other parties follow the same procedure.

WOMAN'S CLUB MEETING—

The regular meeting of the Woman's club will be held tomorrow afternoon at Miller hall, with the program in charge of the Household Economics department. The program is to be in the nature of a round table and ladies are requested to bring pencils and papers. There will be music by Mrs. W. G. Kent and Mrs. C. M. Huguet. The hostesses include Mrs. A. J. Myers, Mrs. Stanbrough, and Miss Whitney.

VISITED IN LA SALLE—

Mrs. Horace Hartman returned last night from a two weeks' visit in La Salle with her people, the John Haselman family. Her brother, Gys Haselman, has just been taken home from St. Mary's hospital, LaSalle, where he underwent an operation for an infected tonsil. Although doing well he will not be able to be out for several weeks.

TO VISIT IN OTTAWA—

Mrs. Harry Major and little son, who have been visiting here at the home of her parents, Mr. and Mrs. Robert Teachout, will leave today, accompanied by Mrs. Teachout, to visit at the home of Mr. and Mrs. Floy Teachout

of Ottawa, before their return to their home in Elgin.

ENTERTAINED FOR DAUGHTER—

Mrs. Lyman Booth entertained Thursday evening in honor of her daughter, Mrs. Charles Houghton, of Boston, Mass. The guests included Mesdames Gerhart, W. J. Worsley, W. H. Smith, Charles Swin, Clea Bunnell, J. W. Watts, Clinton Rhodes, W. C. Stauffer, L. B. Miller, and Wm. Anderson. White tulips, the beautiful double ones, were used in one of the rooms thrown open to the guests and pink carnations in the other. Hand-painted place cards marked the places of the guests at the table, where a dainty luncheon was served. Music was also enjoyed during the evening.

WAS GIVEN SURPRISE—

David Smith found himself host to a group of about twenty friends last evening, much to his surprise. Progressive euchre was the diversion of the evening, with Mr. and Mrs. James Curran winning the first prize and the second prize going to Mrs. B. Dewey and DeWitt Beightel. Refreshments of a very enjoyable nature were served by Mrs. Smith, who knew of the affair previously, and music was enjoyed during the remainder of the evening.

FOR MISS SMITH—

Miss Carrie Smith, superintendent of the Lake County Orphanage, was pleasantly surprised by a group of friends, who gathered last evening at the home of her sister, Mrs. J. H. Beam, where she is visiting. The guests were members of the Stjernan club. Delicious refreshments were served and Miss Smith was presented with a book in honor of her birthday, the occasion of the affair.

FIRST TRAIN OF POLISH TROOPS LOSES ITS WAY

By Associated Press Leased Wire

Coblentz, Thursday, April 17.—(Delayed)—The first train of Polish troops, being taken to Poland, became "lost" soon after entering occupied districts of Germany. The train pulled into Treves late on Wednesday and because of the misunderstanding of orders on the part of German railroad men, it was sent to Cologne instead of to Coblentz.

Early today, when the soldiers looked from their car windows and discovered they were in Cologne, there was some excitement on board the train but allied officers soon straightened out the misunderstanding and the train was brought to this city.

As a result of a mixup the second train of Polish troops arrived here ahead of the first train and started on its journey across Germany, taking the place of the train which had been misdirected.

IF WE KEEP FAITH.

Next Monday, April 21, is Volunteer
Day in Lee county for the Victory Loan
—the day the drive opens throughout
the nation.

We sent our boys across the seas to
engage in a world conflict; we poured
our dollars into the United States
Treasury to back them up. Two mil-
lion of them, nearly, are still in Europe.
If we keep faith with those who
fought for us and for all mankind we
will buy to the limit of Victory Bonds
that they may be clothed and fed and
nursed and doctored and cared for un-
til the last man of that glorious army
has been brought back home and is
well and able to resume his normal life.
Can we do less and be fit company for
ourselves in the silent hours when we
hold communion with self only?

CHAPTER LXXI.

I did as Mr. Frederick suggested and
ordered the car. At first I thought I
would call for Lorraine or some other
friend, then I decided I did not care to
talk, and would take my boy. He would
chatter right along paying no attention
if I did not answer.

We had gone but a little ways when
I saw someone bowing to me, no-
tioning at the same time. I told Thom-
as to draw up to the curb and greeted
Mr. Rayburn whom I had not seen for a
long time.

"Where have you kept yourself?" he
asked. "I have been to every blessed
affair in the hope of seeing you, only
to be disappointed. Been busy with
that wonderful house I expect. I hear
it is gorgeous."

"Yes, we think it very handsome.
But really it is not the house which
is to blame for my remaining at home.
Mr. Forbes has been away a great deal
lately, and I seldom if ever go without
him."

"Foolish lady! does he never go with-
out you?" A meaning in his suave
voice which I ignored, although I felt
myself flushing, and to cover my em-
barrassment I changed the subject by
saying:

"Can't I set you down wherever you
are going? Robert and I can easily
make room for you." My son was
sprawled boy-wise across the seat.

"Thank you, that will be an unex-
pected pleasure. I have an appointment
at the club. But don't let me spoil
your drive. I have half an hour yet."

"Then we will go on around the park
before we let you off." I said as he
took his seat. I had lifted Robert up
and put him between us.

"Is Mr. Forbes at home now?" he
asked.

"Yes, came back from the West last
night."

"His business is prospering, I hear."

"Yes—but he works terribly hard."

"I so wanted to add; and what else have
you heard?"

"It doesn't pay to push one's self too
hard. To make money too fast."

"What do you mean?" I would draw
him out.

"Oh, that one misses a lot. Enjoy-
ment, comfort, many things which more
money do not compensate us for."

"What difference if one gets their en-
joyment in work, Mr. Forbes fairly eats
work." I gazed intently at him as I
spoke. I would give him every chance.
If he had anything to say about Neil
I wanted to hear it—and deny it.

"Forbes is a wonderful fellow. Ev-
eryone says he is the cleverest money-
maker in town." I did not stop to
consider or look for a double meaning
in his words. He was praising Neil,
that was enough. I felt my lips curve
in a smile. Even men recognized his
ability. I had been silly, foolish, to
listen to what Lorraine and those
women in the decorator's shop had
said. Nothing ever could come be-
tween me and Neil, nothing. Ever since
I had first met him he had been all the
world to me. I should be proud that
a man whom other men thought so un-
usual loved me. I was proud. Self
condemnation had me by the throat.
The revulsion from doubt and suspicion
left me weak, and trembling. It gave
me almost acute pleasure to note signs
of happiness upon the faces of the
people we passed. Here was a man, my
husband, who was strenuously fighting
his way to the high places of finance.
And because he didn't follow the beaten
path, but hewed out a road for himself,
I had been ready to blame him.

"A penny for your thoughts," Mr.
Rayburn's voice startled me. I had for-
gotten his very existence.

"It is time we turned, Thomas, the
University Club please."

I dropped my whilom companion then
went home. I found a message from
Mr. Frederick.

"If convenient I will call upon you
about eleven tomorrow morning."

I knew he was coming to tell me
what he had done for me. I smiled
to think how needless it was. My mood
again had changed. No one could
make me distrust Neil.

GERMANY MUST
SIGN PEACE TO
GET MORE FOOD

(Continued from Page 1.)

lem have been going on in Paris for
some time, but it is indicated that a set-
tlement has not as yet been reached.

May Delay Treaty

According to present plans the allied
terms of peace may not be laid before
the Germans before Saturday of next
week, and it may not be until the fol-
lowing Monday that the enemy dele-
gates learn the details of the treaty
that they will be asked to sign. This
will delay proceedings to some extent,
it is believed, and it is not expected that
the German delegation can go to Wei-
mar, receive instructions and return to
Paris before May 8.

According to plans formulated at the
conference the German delegates will
be permitted to ask questions to elu-
cidate obscure points, but nothing ap-
proaching a decision of the terms will
be permitted. Only President Wilson
and the allied premiers will be present
when the terms are presented to the
Germans. It is expected the league of
nations will have the place of honor in
the terms to be presented.

Japan Wants Kiao Chau

Japan will bring before the council of
four on Saturday the subject of Kiao
Chau, the German fortress in the Far
East and it is expected that a decision
will be announced soon.

Premier Clemenceau who refused on
Wednesday to join in the conditional
agreement to feed Russia, through neu-

tral nations, has at last attached his
name to the undertaking. Letters ex-
changed between the council of four
and the committee in charge of sending
supplies to the Russians, indicate the
conditions in Russia are critical.

German Seize

Libau has been seized by German
and Baltic-German troops, according to
addresses received at Copenhagen. The
Lettish provisional government has
been ousted, according to the report,
and some of the ministers imprisoned.
A British mission is at Libau and Brit-
ish war ships are in the harbor and it
may be that some action will be taken
against the Germans, should the report
prove to be true.

Telegraphic communication between
Berlin and Munich has been severed
and Bamberg, Bavaria, also is cut off
from the German capital. Dispatches
do not give the reason for the interrup-
tion, but German government and Ba-
varian soviet troops have been fighting
at Munich for the last few days and it
is believed that one party or the other cut
the telegraph lines.

FLEW ACROSS U. S.

ro field, who has flown from coast to
coast in twenty-four hours at an aver-
age speed of 138 miles an hour, arrived
here safely this morning from Jackson,
Miss., where he spent last night. He

ANARCHIST NOW
IN CONTROL OF
BAVARIAN REDS

(Continued from page 1.)

Chief of Munich from the communists
forces, although neither the Bavarian
nor the German governments wish to
cause such an invasion of state rights if
it can be avoided.

The bulk of the Bavarian peasants, it
is reported, are still loyal to the govern-
ment of Premier Hoffman. The peas-
ants' association has issued a declara-
tion asserting that the devastation of
the country, the plundering of houses
and farms and the murdering of peas-
ants by communist bands, have become
intolerable.

Munich, it is said, is affected only
slightly as yet by the action of the
peasants in cutting off food supplies. It
is declared that there is enough food in
the city to feed the inhabitants for one
week but the communists have seized
all the supplies and can live comfort-
ably for a long while if they do not feed
the non-communists.

RED OUTBREAK IN VIENNA

By Associated Press Leased Wire
Vienna, Thursday, April 17.—(Delay-
ed)—Bolshevik sympathizers this morn-
ing attempted to storm the Austrian
parliament building but were soon dis-
persed with a few wounded. The city
generally is quiet.

The attempt caused no special excite-
ment in the city. It was the first Bol-
sheviki outbreak here since last No-
vember.

MONDAY TO BE "LIBERTY DAY"

(Continued from Page One)

In the time of peace as he was during the day when American soldier boys, many of them from this county were going over the top into a hell of fire from the most terrible instruments in the history of world wars.

Dixon Polling Places.

The places in Dixon township where the people of the community are expected to assemble to "finish the job" are:

First precinct—Reynolds Wire Co. office, 719 E. Second St.
Second precinct—Wilson Garage, 112 Ottawa Ave.

Third precinct—City Hall.

Fourth precinct—Jenssen Paint Store 308 First St.

Fifth precinct—Rink's Coal Office, 402 First St.

Sixth precinct—Public Supply Co. office, Depot Ave. and Seventh St.

Seventh precinct—Woolever Office, 512 Depot Ave.

Eighth precinct—Minnihan & Nicholas, 210 College Ave.

Ninth precinct—Daehler Store, Lincoln Way.

Tenth precinct—Anderson Shop, E. Fellows St.

Eleventh precinct—Raymond Coal Office, N. Crawford Ave.

To Dixon Township.

To the people of the county, and especially those of Dixon township, the following appeal was made by the township committee this morning:

"When the world was madly fighting last October and the American boys, as well as those of other nations, were laying down their lives for the future security of our persons and our property and the government called for a loan of six billion dollars from its people, the citizens of Dixon township quickly and voluntarily in one day went to the polls and subscribed for their portion.

"The Victory has been won. Bloodshed has ceased and the purpose for which our boys accomplished. Of our soldiers, who went in the honorable performance of their duty, many have returned—many more will but some—never.

"Let us now who enjoy the blessings of Peace, brought about by the sacrifice of many of our men, show our everlasting gratitude by as readily responding to our government's call for a loan as our boys responded to the call for their personal services and possible life sacrifice.

"Dixon township has a clean slate. In the Fourth Liberty Loan, Red Cross and United War Work drives we went over the top in one day. We have established this record for ourselves and in this Fifth Liberty Loan drive on Monday, April 21st, we must not do less.

"The polls in every precinct will be open from 8 a. m. to 8 p. m. to receive your subscription. The amount is four and one-half billion dollars.

"Lee county's quota is \$1,026,400.

"Dixon township's quota is \$267,900.

"Your precinct's quota is a fair portion of this latter amount.

"We went over the top in the Red Cross campaign in a single day.

"We went over the top in the War Savings Stamp drive in one day.

"We went over the top in the Fourth Liberty Loan Campaign in one day.

"We went over the top in the United War work campaign in one day.

"Let's complete the record and go over the top next Monday and Finish the Job."

Easy Payment.

The bank-payment plan, whereby a purchaser can secure his bond through his bank at easy monthly payments, should interest the man with small savings. The plans for \$50 and \$100 bonds are the same, with the exception that payments for the \$100 bonds are twice those on the \$50 denomination. The \$50 bond payments are:

Five dollars with application and \$2.50 on the 1st and 15th days of each month from June 1 to February 15.

CITY BRIEFS

Attended Presbytery—Rev. Jesse M. Tidball returned yesterday from attending the meeting of the Rock River Presbytery which met in Geneseo. A large number of the pastors and elders of this district were in attendance and the reports of the New Era campaign were encouraging, most of the churches meeting their quotas.

To Try New Lamp—A new 400-candle power lamp, such as are used in many larger cities for all night lights, was today installed at the corner of Second street and Galena avenue for a trial; and if it works as well as is expected they may be installed at all corners in the business section where lights are burned all night.

Is Regaining Health—Mrs. Jacob Levi, who has been at the hospital for a week for treatment, is improving and it is expected to remove her to her home the coming Monday.

Called By Illness—Mrs. John D. Alexander, of Amboy, has been notified of the serious illness of her mother, who resides in Kentucky, and will leave for Kentucky tomorrow.

H. E. Senneff, of the F. X. Newcomer Co., is in Rock Island today settling a fire loss.

Miss Mary Jane Preston, daughter of Walter L. Preston, who has been quite ill for several days, is somewhat improved.

Activities in Amboy

TO LAY OUT NEW ADDITION TO CITY

A large real estate firm has secured a lease on the Wood block in Amboy and will open up this valuable site for building lots in a few weeks. The Wood estate is doubtless one of the most suitable building locations in the town and with contemplated improvements installed, it is the general belief that many new homes will be under construction this summer.

The Wood block faces on Mason and Plant streets, with the later bordering on the north and Hawley street on the south. The city council has agreed to extend the sewer and water to this new plat of ground. A landscape gardener has been retained to beautify the block with the planting of trees and shrubs. The block is to be laid out into 50 foot lots and the present plans call for concrete walks, curbs and paving.

The city will extend the sewer and water mains from Bacon to Hawley streets, the company then taking up the extension and continuing to Wasson street, the northern city limit. The block will accommodate 23 building lots and work has been started in laying out the new building sites.

CELEBRATE ANNIVERSARY.

The 100th anniversary of the founding of the Independent Order of Odd Fellows will be observed throughout the United States this month. Aurelia Rebekah lodge No. 161 and Green River, I. O. O. F., 999 of Amboy, with Abigail Rebekah lodge, No. 759 and Haskell I. O. O. F., 1004 of Lee Center will hold a joint celebration of the anniversary in the Odd Fellows hall at Lee Center.

The celebration will take place Wednesday evening, April 23, and will start with a scramble supper which will be served at 7 o'clock. This will be followed by a program, including addresses by Rev. Joseph Burrows of Amboy and Rev. J. D. Kempster, of Lee Center, vocal and instrumental music, readings and patriotic drill. Members and friends of the order are cordially invited and a special invitation has been extended to returned soldiers and sailors. All of the ladies have been requested to bring well filled baskets.

STATE LEADER IS HERE.

James H. Greene, state boys and girls club leader of Urbana, will come to Amboy next week for a conference with County Soil Advisor L. S. Griffith. The purpose of his visit will be in the interest of the Boys' and Girls' Club in Lee county and if possible, a meeting will be arranged to be held in Dixon during his visit. Mr. Greene will meet with the P. G. club committee of the Lee County Breeder's association and if suitable weather prevails, will doubtless visit some of the leading stock farms in the county.

STERLING WILL GET STOCK SALES BARN

Sterling is to have the new sales pavilion of the Tri-County Breeders' association. This livestock organization has been planning a sale barn for many months and was undecided whether to build it in Dixon, Polo or Sterling. One sale was held in Dixon last winter and drew a large attendance of farmers from all over the country. Two sales have been held in Polo.

The barn will be built on Lincoln Highway at the end of the street car line at Powell's corner by the Tri-County Breeders' Sales company, a new organization formed in connection with the breeders' association.

It is planned to hold three Holstein sales each year, and possibly some Shorthorn sales. Governor Lowden, Senator McCormick, E. T. Detweiler of Polo; Hey Brothers, Dixon; E. J. Countryman, Dixon, and other prominent breeders of purebred livestock are members of the association.

**LABOR BATTALIONS IN
FRANCE NOT INFECTED
WITH SOCIAL DISEASE****Y. M. C. A. Worker Says
Army Orders Should
Be Corrected.**

Paris, April 18.—(Correspondence of The Associated Press.)—Grave injustice has been done to thousands of American soldiers constituting the Labor Battalions of the American Expeditionary Force because of the manner in which publicity has been given to General Order No. 32 of the United States Army in France, declares the Reverend Dr. Albert J. McCartney, moderator of the Chicago Presbytery, engaged in Young Men's Christian Association work in France.

The order directed that soldiers suffering from social diseases "shall be separated and assigned to provisional organizations retained for labor purposes in Europe." Dr. McCartney says it is unfortunate that "no attention has been called to the fact that this order is in on way intended to reflect upon the Labor Battalions properly so-called, which are a permanent and indispensable feature of the United States Army. The popular mind," he adds, "likely to confuse the Labor Battalion feature of army life with the disciplinary labor referred to in General Order No. 32."

He declares that he recently spent some time with 7,000 men of one Labor Battalion, and they "are as fine and clean a set of fellows as you will find in the army and they sorely resent the reflection that the popular interpretation of General Order No. 32 has put upon them."

"One boy, for instance, has a letter from his mother stating that it has broken her heart to have disclosed to her the true reason for his detention in France." She had read in the papers that all men of a certain division were home except those detained as a disciplinary measure. "This is a plain crime against American homes and mother-hearts," declares Dr. McCartney.

**FALSE PASSPORTS

Europe Are Lax in
Many Instances.**

By Associated Press Leased Wire
Vienna, Wednesday, April 16.—(Delayed)—The spread of Bolsheviki propaganda westward is being greatly favored by the laxity of frontier regulations, the least guarded being those of Poland. Trains are arriving at Budapest and Vienna from the east carrying numbers of agents supplied with all sorts of false passports and false money.

The observations of the correspondent show that the best guarded frontier apparently is that of East Prussia, where the Bolsheviki are made to understand they are not welcome. Trains from Cracow into German Silesia and Bohemia, however, are filled with non-descript individuals from Russia, whose papers are either not examined at all or are looked over most casually.

Conditions are much the same as regards the trains entering Hungary by way of the Ukraine and East Galicia. It is even asserted that notwithstanding the Italian restrictions entrance to Italy is not difficult because of the existence of a false passport factory at Trieste, where for a few hundred dollars passports are said to be obtainable, good also for Yugoslavia. The Italian frontier, however, now is closed, to remain so until April 26.

The falsification of American passports is declared to be so common that the representative of the American diplomatic service here attached to the Spanish embassy, states that it would be advisable to increase the difficulties of fraud by requiring the application of thumb prints to all original United States passports, as it is easy, it is claimed, to substitute new photographs and imitate the signatures.

By Associated Press Leased Wire
Vienna, Wednesday, April 16.—(Delayed)—Reports of the executions at Budapest of Count Michael Karolyi, Archduke Joseph and others are untrue. The city continues outwardly quiet with progress being made toward the nationalization of property. It is estimated there are only twenty naturalized Americans and American wives of Hungarians in Hungary. It is possible that an effort will be made to send food there. There is little meat and few vegetables in the hotels and there is no salt. Eggs are plentiful while bread sold in the city is worse than that on the market here.

It is a common thing to see a party of men and women walking along the streets or promenades or sitting in cafes and to see one woman burst into tears and then laughingly wipe her eyes. This is living the tension under which people are living who have lost all their property and the hope that came with the end of the war.

Foreigners, especially Americans are receiving attractive marriage proposals from families of wealthy young women who expect by this means to save something from the wreck of their fortunes because of the fact that foreign property will be exempted from nationalization. Women who marry foreigners will be enabled to travel freely over the frontiers with their families. There is a disposition on the part of the new government, however, to allow middle class Hungarians to leave, provided they do not take property with them.

When Count Karolyi was in Vienna he called on Professor Philip Brown, secretary of the American mission here and told him that he would be glad to accept can of condensed milk. He finds socialism a different program and was much cast down when here partly because he is hated by the aristocrats of Hungary who charge him with betraying them into the hands of robbers or fanatics. He was also despondent because he was being restricted in his expenditures. In former times he was accustomed to spending a million crowns annually.

Count Karolyi's frame of mind is characteristic of all persons in Hungary who have been apprehensive for weeks as to what would happen next.

The condition of many Hungarians who have fled to Vienna is one of abject poverty. Count Alexander Esterhazy, who lost his son in the war and who was with former emperor Charles until the latter went to Switzerland is finding means of subsisting by selling the furniture in his house here. He has already sold his clothes.

There has been a recent exchange of visits by officials of Hungarian and German Austria. Minister of War Boehm and Herr Pogany of the Hungarian foreign office are here from Budapest with an army of clerks ostensibly to liquidate the affairs of the two governments.

**Flu Moves in Waves
in British Isles**

London, April 18.—(Correspondence of The Associated Press.)—London scientists who are observing the operations of Spanish influenza say that, so far as the British Isles are concerned, it moves in waves. The country is just recovering from the third wave within a year.

The disease first made its appearance here last July and began to subside toward the end of August. Eight weeks later in October, it reappeared, and by the middle of November had apparently run its course. The third wave came in January, and by the days of March had apparently done its worst.

Physicians point out that if the disease is to remain for an indefinite period another wave may be expected to ward the end of April, and are warning the people to take all necessary precautions.

**BRITISH INCOME
TAXES HIT MANY
RICH MEN HARD****Former American Has
Paid More Taxes
Than Income.**

London, April 9.—(Correspondence of The Associated Press.)—That a man should pay more money for income tax than the total of his income seems the limit of taxation. This is said to be the plight of a well-known British peer who was born an American and became naturalized in England some years ago. His property is in the United States. Being a multi-millionaire, his income is subject to heavy super-tax by both governments and the two taxes are said to amount to more than one-hundred percent of the income. Thus the unfortunate nobleman must pay out all of his receipts and dip into his capital to defray unrelieved in England some years ago. First charge, use more of the capital for living expenses.

The double income tax of the war period has hit well-to-do Americans who live in Great Britain very hard. In former days very few of the large colony of American business men living in Britain ever gave up their American citizenship, but many of them have found this draft on their patriotism too heavy and have reluctantly changed their allegiance and taken out naturalization papers.

As for those Americans who lived here because they found the social atmosphere of England more congenial and the scope for spending money on pleasures greater than at home, most of them seem to have disappeared.

**AUXILIARY MAIL
SERVICE OF A. P.
COVERS UNIVERSE****Matter Handled By A.
P. More Than Wires'
Capacity.**

Through its membership in The Associated Press The Telegraph each day receives by wire a concise, accurate account of the world's happenings no matter where they occur, in towns near by or half a world distant.

The unequalled facilities of The Associated Press with the combined forces of the more than eleven hundred news paper members in the United States, each in honor bound to furnish to its fellow members the important occurrences of its immediate locality, and with foreign correspondents, staff men and allied news gathering agencies keeping close watch on what happens abroad, bring daily such a mass of dispatches as, condensed and told in the most terse manner, more than taxes the capacity of all the available wires.

But the wire service with its necessary limitations is supplemented by The Associated Press with a service by which items, useful and interesting but relatively too unimportant for telegraphic dispatch are mailed to the members of the organization.

In addition to an interesting and comprehensive foreign service there are items of events nearer home, the doings of a state convention, the discoveries of medical or industrial science, a stirring address, too long for transmission by wire, too important to be unnoticed.

The mail service, bearing the same label of truth telling—"By The Associated Press"—as the wire items, records a widely varying range of information. An sheet may bring the text of regulations promulgated by a cabinet official; the next may record the pitching or the batting averages of baseball players; another may describe the finger like shadow of an eclipse, or may tell the life story of a centenarian.

And so it is that The Telegraph through The Associated Press can fully depict in marvellous detail the doing of the world.

**LOWDEN URGES
PEOPLE TO BUY
BONDS LIBERALLY****Illinois Governor in New
Kind of Proclamation
to People.**

Governor Frank O. Lowden has just issued a new variety of "Thanksgiving" proclamation. It is a call to the people of Illinois to set aside the period from April 21 to May 10 and give thanks for the winning of the war and the saving of thousands of lives, by buying bonds of the Victory Liberty loan.

His proclamation, in which he urges the heartiest support of the people of Illinois to this campaign, reads as follows:

"The war is won. In winning it heavy obligations were incurred. These must be met. When the drives for Liberty loans were on, we were asked not only to give our money, but also to give our sons. Our people responded generously to both demands. And now we are asked only to give something of the wealth our brave soldiers saved for us. Shall we answer less freely when only our money is asked than we did when our money and our boys were needed by the government?"

"We must pay our debts incurred in the war. To do this bonds must be sold. The more widely we distribute these bonds, the easier readjustment of business will become. I therefore urge our people to respond to their country's call with the same open hand with which they responded in time of war. We properly may regard our subscriptions now as a thanksgiving offering for the peace which has come. FRANK O. LOWDEN."

**Apple Trees Heavy
with Aphid Eggs**

By Associated Press Leased Wire
Urbana, Ill., April 18.—Examinations of apple orchards in northern and central Illinois show that aphid eggs are numerous on the twigs and small branches, according to Wesley P. Flint, chief entomologist of the state natural history survey at the University of Illinois. He says that if the weather development of the aphids an extensive injury is possible unless control measures are taken.

"All orchardists should be on the lookout for these eggs and insects and be ready to spray with 40 per cent nicotine sulphate at the rate of one part to 800 parts of water if they are found in large numbers," he said. "The nicotine sulphate may be applied in the regular dormant spray, using one pint to 100 gallons of the one to eight lime sulphur solution."

"Apply this spray a little later than usual at the time when the leaf buds are opening. This will give both aphids and scale control. A thorough covering of the twigs with one spraying is necessary, for the young aphids must be directly hit with the spray in order to be killed."

**SMALL CHANCE OF
PARADE BY 33RD DIV.****Men Are to Be Released
From Service Soon As
Possible.**

The question as to whether the Thirty-third division will parade in Chicago at the time of their return to their native state is one of general interest, and that the statement made by General March in regard to the matter is practically a notice that it cannot be done will bring disappointment to many.

However, as the basis of the statement is that the wishes of the men themselves are the chief factor in the case other people will gladly acquiesce. General March points out the difficulty of getting a whole division of troops to one city at one time, and furthermore that plans for a parade of this kind would mean in all probability that a part of the men would have to be in camp longer than would be necessary otherwise. It is believed that the one desire uppermost in the minds of the men in the service over there is to get home just as quickly as they can, and by home they do not mean just America or Camp Grant, but home where is mother, and sister, and dad and the only girl. It is not the purpose of the war department to delay this actual home going to the boys a day longer than necessary, therefore if the proposed parade would delay the actual demobilizing parade plans will have to be abandoned. If it is found that it could be done without holding the men in service longer than necessary the war department will consider it. Until the division arrives on American soil no definite statement can be made.

**ARCHANGEL FOLK
WITHOUT MONEY;
FOOD IS SCARCE****World Will Be Forced
to Feed Russians
for 18 Months.**

Archangel, Feb. 11, (Correspondence of The Associated Press.)—High prices and no work have exhausted the savings of the peasants and according to advice reaching the American and other allied food committees in Archangel, the world will have to feed and clothe the half million people who live behind the allied line in North Russia for at least eighteen months.

Six months ago, almost every peasant family in this district had its secret hoard of banknotes. While in the cities the people were, in many instances, starving, the peasant had money hidden under mattresses, in socks and buried in the ground and hidden from possible Red Guard raiders were supplies of grain and other foodstuffs.

In August frost killed most of the meagre acreage of grain that was sown last year in this territory which is mostly forest. The secret food hoards were eaten months ago. Lumber mills and other concerns which usually gave employment have have to shut down and the peasants, with no source of revenue has been digging every day into his money savings to buy the food that came in from abroad when the allies landed. There is no prospect of North Russia feeding herself until the next harvest—and even this is made extremely difficult by the shortage of seed grain.

The allied food committees in Archangel are seeking a way to help this population. The conditions that prevail in this territory among a population of half a million are believed to prevail to an equal or worse extent throughout Central Russia, under Bolsheviki control.

The American Red Cross has ceased civilian relief on a large scale in the Archangel district, since this work is to be taken over by the Hoover federal organization, whose representatives, at this date, have not arrived.

Invest with Uncle Sam *and* share *in the* coming Prosperity

The war has left its imprint upon the entire country, but probably its hand has been laid most heavily upon business, large and small. Restrictions and regulations, governmental orders and federal rulings have operated to restrict progress and impede development. This was unavoidable. The country called and could not be denied.

But with the close of the war came the dawn of a new era. Business at once commenced to come back to its own. Prosperity loomed rosy upon the horizon. To speed its arrival, to make certain that its benefits are not endangered, it is necessary to pay all the debts of war—to meet the bills and wipe out the obligations now outstanding.

That's the purpose of the Victory Liberty Loan. Your support of this loan is therefore not only an investment in patriotism, but in prosperity itself, for an overwhelming subscription will bring good times just that much nearer.

Be a Bondholder of your Country's Wealth; keep money free for Business.

EVERY American has two businesses, his own and his government's. Money invested in the first will help the second—for it will enable the country to pay its debts and keep money free for the use of private business. It will make for prosperity, good times and general satisfaction.

A debt-ridden business is a bad business. The only way to get it back on a firm footing is to meet all obligations—wipe the slate clean—and then open the throttle wide!

Money invested in Victory Liberty Bonds is not only a manifestation of patriotism and good judgment—but good business!

INTERESTING VARIETY IN THE PRE-EASTER MODES

THE LACE COLLAR IS REVIVED

New York, April 18.—What a galaxy of color and splendid magnificence Fifth Avenue assumed for the triumphant return of the home boys. A maze of flags flying, representative jewels hanging artfully from huge, state towers, and arches of meritorious design were part of the titanic and artistic decorations of the city transformed.

The Long Box Coat.

Small Fur Pieces for Neck.

Suits were most in evidence and it is predicted that they will be more favored for Spring than the one-piece dress. The smartness of many of these suits lay in the charming little waistcoats that were worn. The suit may be of the simplest lines and most usual design but the presence of an individual little waistcoat will give the whole an air of distinction and style. It is in these details that the secret of the smartness of a suit or frock lies.

Around the neck of every fashionable woman was tightly fastened a single skin which clung closely to her neck. These skins are preferably of sable, but this expensive fur may be substituted by the less pretentious kolinsky, fitch or mink. The fur tightly around the neck gives a charming effect, especially if the wearer has a tailored suit coat showing beneath. Far neater in appearance are the single skins than the heavy capes and coats of fur for Spring.

Other Details of Importance.

A touch of your personal self in a gown always enhances the beauty of it, for your individuality is revealed and the creation harmonizes with the wearer to an almost perfect degree. The

The New Russian Blouse.

The effects of the glad home-coming upon the spirits of their kin was obvious by the happy expression that appeared on the face of every observer. Nor was the festive spirit confined to the mental manifestation alone. All the feminine world, with a keen appreciation of the event, set forth to beautify itself for the occasion. This resulted in the resemblance of the gala day to former Easter Sundays. The lateness of Easter this year caused many to take advantage of the memorial day for the debut of the Spring Costume.

tions and to the satisfaction of the Board of Local Improvements and the Council of the City of Dixon. All proposals must be made on blanks which will be furnished bidders at the City Clerk's office. Payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed and the work accepted by the Board of Local Improvements and the Council of the City of Dixon. Bonds to draw interest at five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work. Specifications for the said work are on file in the Mayor's office and may also be seen at the office of the City Clerk of the City of Dixon from and after this date.

The person to whom the contract for the construction of said improvement is awarded shall, before the commencement of work under such contract provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the state of Illinois, in the prosecution and construction of said work.

The Council and Board of Local Improvements reserve the right to reject any and all bids.

Dated at Dixon, Illinois this 17th day of April A. D. 1919.

ease and comfort of these things, plus the style, makes them one of the most valued and favored fashions of the day.

Valencien lace is dyed in one instance to match the color of the spotted organdie fabric which makes the frock. This is a pretty idea for summer frocks, but much care must be exercised to have them match exactly, for if it is a little off shade the entire effect is lost.

Revival of the Lace Collar.

Tinted in antique shade, dyed to match the frock or black on the dinner frock, the lace collar finds some excuse for its being in evidence. Lace around the neck is a soft and attractive finish and gives the quaint charm of the days of chivalry. A lace collar could be easily worn with either of these suits shown. The contrasting collar on the coat could be removed and a lace one of the same shape applied. This suit also gives opportunity for the wearing of a waistcoat.

The other in a sort of Russian blouse effect attributes its novel look to the turned-up cuff at the lower edge of the coat, and the rows of darning stitch used as trimming. A narrow girdle of the same material ties at the waistline.

Uniform Text Books Issue in Assembly

By Associated Press Leased Wire

Springfield, Ill., April 18.—Uniform text books for Illinois schools is an issue again in the legislature. After weeks of discussion the house committee on education has agreed on a committee bill patterned after the measure introduced by Representative Perkins of Lincoln. It is on the House calendar.

The Perkins bill proposes a text book commission partly appointive by the governor. The commission would advertise for text books, contract for them and arrange a course of study that would be unvaried from Cairo to Galena.

No text book would be changed often than every four years.

A uniform text bill passed the house at the last legislative session but was killed in the senate.

It is provided in the Perkins bill that the superintendent of public instruction and the director of the department of registration and education serve ex-officio on the commission, the other three members being named by the governor.

Friends of the uniform plan defend it on the ground that text book changes are made frequently by book sellers in order to open new markets. It would be possible, they argue, to make better terms with book firms if big contracts, possible under the state-wide uniformity system, were entered into.

With the supply of text books in the hands of a commission, others say, opportunity would be offered for monopolistic control of school texts.
